ACT ONE

FADE IN:

EDITED MONTAGE - ENDOF PREVIOUS EPISODE

GRAVEHEART(VO)
(1) Previously, on War Planets...

There is a raging battle.

BLOKK
The alliance attack started before we were ready!

LAMPREY
Then I suggest you get ready, Blokk!

INT. THE AURORA- BRIDGE

GRAVEHEART
It's a trap! Pull back people!

EXT. SPACE

Continuing battle.

INT. THE AURORA- BRIDGE

GRAVEHEART
By Lord Mantel’s crown.

EXT. SPACE

BLOKK
The Beast Stands revealed.

The Alliance is horrified.

INT.AURORA -BRIDGE

GRAVEHEART
We've got to fortify our positions.

CRYOS
Evasive maneuvers initiated.

The Alliance prepares to fight the Beast. A massive battle ensues.

INT. THE AURORA- BRIDGE

Cryos looks at the bank of gauges before him.

CRYOS
(2) The battle goes poorly, my friend. The Alliance is in disarray and the fleet is in a shambles.

GRAVEHEART
(3) How are we holding out?

CRYOS
(4) Not well. Our shields are at 25 percent efficiency.

GRAVEHEART
(5) Sorry to hear that because...we've got incoming.

EXT. PLANETREMORA - SAME TIME

As the banks of energy cannons OPEN FIRE as one.

RESUME NEWFOOTAGE WITH:

INT. THE AURORA- BRIDGE - CONTINUOUS

Cryos shouts to his helmeted HELMSMAN.

CRYOS
(6) Helm, hard to starboard.

EXT. THEAURORA

The ship suddenly veers sharply, allowing Remora's ray-blast to pass beside it, barely GLANCING off the side of the ship instead of destroying it.

INT. THE AURORA- BRIDGE

The impact of even this glancing blow knocks everybody off their feet, as the bridge SHAKES violently.

CRYOS/GRAVEHEART/CREW
(7) (grunts of impact)

Quickly, the Helmsman regains control, steadying the ship.

As damaged equipment SMOKES and SPARKS around them, everyone gets back to their feet.

CRYOS
(8) Is everyone intact?

GRAVEHEART
(9) Seems so, Your Majesty...

Graveheart looks around at all the FLAMES and SPARKING.

GRAVEHEART (cont'd)
(10) ...Which is more than I can say for the Aurora.

As various helmeted CREW MEMBERS rush to extinguish the flames, Cryos checks his monitors.

CRYOS
(11) Casualties are minimal...but the damage is extensive. Initiating repairs.

Cryos turns back to Graveheart.

CRYOS (cont'd)
(12) I fear this will take time we cannot afford to spare. Our sensors have identified a weak spot in Remora's defenses. If ever there was a time to strike....

GRAVEHEART
(13) But you said it yourself, the fleet is in a shambles.

CLOSE ON CRYOS - he ponders this for a beat.

CRYOS
(14) Logic would dictate the only rational course of action is to retreat and reorganize back on Planet Ice.

GRAVEHEART
(15) But retreating was never an option, was it?

CRYOS
(16) No...it never was.

GRAVEHEART
(17) Then find a way to get this ship up and running. I'll rally the troops.

CRYOS
(18) Agreed.

Just before they go about their business...

GRAVEHEART
(19) Any word from Prince Pyrus?

Cryos lowers his head, overcome with concern.

EXT. PYRUS'SHIP

Pyrus's ship rockets through space.

INT. PYRUS' SHIP

PYRUS
It's payback time.

INT. THE AURORA- BRIDGE

GRAVEHEART
Prince Pyrus, are you there?

EXT. PYRUS'SHIP

His ship passes the battle on the beast planet.

INT. THE AURORA- BRIDGE

CRYOS
(20) We have lost contact with him. I fear the worst.

Graveheart turns and looks out the view window of the Aurora and stares at the stars and the raging battle. Meanwhile, not far from the Aurora, a Fire Fighter leaves the Caldera. It is Prince Pyrus.

CUT TO:

EXT. OUTER SPACE- SAME TIME

The various Alliance Forces are being blow out of the sky by cannon fire from the surface of Remora. A few Beast Drone Ship are retreating back to the planet's surface. Suddenly, through the center of it all, comes a PLANET FIREFIGHTER SHIP with ROYAL INSIGNIA, piloted by PRINCE PYRUS. His ship is dodging Remoran blasts and debris while engaged in a dog fight with two of the remaining Beast Drone Ships. He hits one and it IMPLODES.

PYRUS (OS)
(21) Is that the best you got? Hah! I'm not even warmed up yet.

107 INT.PYRUS' FIGHTER SHIP

Pyrus is clearly into the heat of battle, his face grim.

PYRUS
(22) You're going down.

OTS PYRUS - ONHIS VIEWSCREEN

Suddenly, the GRAND VIZIER appears on Pyrus's viewscreen, calling from his home on Planet Fire. The Vizier doesn't look happy (but then, when does he ever?)

VIZIER(FILTERED)
(interrupting)
(23) My Prince, have you lost your mind? Return to your flagship immediately.

PYRUS
(24) Vizier! This is where I belong. My troops need me. Graveheart needs me!

VIZIER(FILTERED)
(25) We have received word, the Aurora is lost. The Alliance is finished!

PYRUS
(26) The only thing that's finished is this conversation!!

Pyrus reaches out and disconnects the transmission. The viewscreen goes BLANK. For a moment, Pyrus is grief stricken.

PYRUS
(sotto)
(27) Graveheart...no.

Then Pyrus grows enraged. Still dodging blasts and debris, he scans the area ahead for new targets. He sees another Beast Drone ship and it sees him. The Beast Drone ship turns and opens fire on Pyrus. Then he OPENS FIRE, blasting the Drone Ship.

PYRUS (cont'd)
(30) Eat fire, you miserable --

The viewscreen BLINKSON again.

PYRUS (cont'd)
(31) Not now, Viz --

GRAVEHEART(FILTERED)
(32) Prince Pyrus, are you there?

Graveheart's face appears on the viewscreen.

PYRUS
(33) Graveheart! Thought you were --
(then, recovering)

Oh, I'm here, but my men are taking heavy losses, and we still can't make a dent in Remora.

GRAVEHEART(FILTERED)
(34) Pull back to the Aurora. Cryos has located a weak spot in Remora's defenses. We plan to regroup and launch a full scale assault on the planet's surface.

A map of Remora is downloaded to Pyrus' ship and appears on his view screen.

PYRUS
(35) Hey! I'm already halfway to Remora. Why pull back...

EXT. PYRUS'SHIP

It kicks into overdrive and speeds to the surface of Remora.

PYRUS (V0)
(36) ...When I can just forge ahead.

INT. AURORA -CONTINUOUS

As the viewscreen with Pyrus on it blinks out, Graveheart turns to Cryos.

GRAVEHEART
(angry and concerned)
(37) That hotheaded kid! If anything happens to him...

CRYOS
(38) Under your guidance, I have watched the boy grow into a man, but even you cannot cool the fires that burn in his heart.

GRAVEHEART
(39) If only Jade was here, she'd...

Graveheart catches himself. Obviously he's been trying not to think of her. Cryos sees this and places a hand on Graveheart's shoulder.

CRYOS
(40) If ever we needed Jade, it is now. Has there been any word?

GRAVEHEART

(41) None. But before she left, she told me to trust her...and I do.

CLOSER ON GRAVEHEARTAND CRYOS

GRAVEHEART
(42) How about you? Have you heard from Tekla?

CRYOS
(43) Not as yet. I only hope that whatever she seeks on my homeworld is as important as what we do here.

CUT TO:

EXT. PLANET ICE- SIMULTANEOUS

As we PUSH IN, we HEAR:

TEKLA (VO)
(44) We are closer,Voxx. I can feel it.

INT. PLANET ICE- ICE TUNNEL - CONTINUOUS

TEKLA checks the same TRACKING INSTRUMENT she used in the previous episode, which BEEPS slowly but constantly. She is deep inside the planet, standing at a juncture where the tunnel forks off in THREE different directions, the ever-faithful VOXX hovering beside her.

VOXX
(45) Identify mission objective.

TEKLA
(46) I am not sure,Voxx. All I have to work with are random images stolen from Lamprey when we shared my mind.

FAVORING VOX - as he hovers nearby.

VOXX
(47) Abort mission?

TEKLA
(48) I cannot. We must go on.

Tekla looks at the three tunnel mouths, trying to determine which way to go. She decides on the one to the right.

TEKLA(CONT'D)
(49) The attack by Remora is only the prelude to the coming of the Beast Planet itself.

And, as they vanish into the tunnel’s darkness, we hear:

TEKLA (cont'd)
(50) The future of the entire Planet Cluster may depend on my finding what I seek.

FADE OUT.

END ACT ONE

ACT TWO

FADE IN:

EXT. REMORA

The battle rages around the planet, the Drone Ships are returning to the planet surface as the planet’s cannon fire intensifies. As we PUSH IN, we HEAR:

INT. REMORA -CONTINUOUS

BLOKK stands before a bank of view screens, LAMPREY beside him. VOYD stands behind them both, arms folded, impassive.

BLOKK (VO)
(51) Remora's cannons will finish what my drones had started. They have courage, these Alliance fools--

BLOKK (cont'd)
(52) --But courage is not enough against power such as ours.

LAMPREY
(53) Yes. No one can escape this system now, Blokk. Our victory is only a matter of time.

BLOKK
(54) Then why should we wait, Lamprey?

Blokk turns back to his view screens, RANTING, urging his drone troops on.

BLOKK (cont'd)
(55) Behold as I unleash this planet's full might against the Alliance. I will destroy them!

EXT. OUTER SPACE- SAME TIME

On the surface of Remora as surface cannon fire reaches a fever pitch. The are firing directly INTO CAMERA.

BLOKK (VO)
(56) I will destroy them all!

CUT TO:

INT. THE AURORA- BRIDGE

As the ship is blasted by cannon fire, almost jarring our heroes off their feet. With Graveheart nearby, Cryos checks his monitors.

GRAVEHEART
(57) We can't take many more hits like that.

CRYOS
(58) The repairs are holding... barely.

Cryos and Graveheart look at the viewscreen, as the face of a worried Pyrus appears.

PYRUS(FILTERED)
(59) Uh...guys, I've run into a little trouble here. I could use some help.

EXT. OUTER SPACE- CONTINUOUS

Pyrus' ship is close to the deck of the Mini Beast Planet, taking evasive maneuvers around debris and heavy Remoran cannon fire.

PYRUS
(60) They've turned up the heat and...

At which point, a cannon blast narrowly misses Pyrus' ship. The backwash from the null-energy blast hits the ship, damaging it.

INT. THE AURORA- BRIDGE - CONTINUOUS

Graveheart looks at the viewscreen as it goes blank.

GRAVEHEART
(61) Pyrus -- NO!

Without a second's hesitation, Graveheart heads for the door.

GRAVEHEART (Cont'd)
(62) Hang in there, kid. Help is on the way.

Cryos looks at Graveheart and realizes what he means.

CRYOS
(63) This is madness.

CLOSE ON GRAVEHEART -as grim as we've ever seen him.

GRAVEHEART
(64) This is war.

As Graveheart heads for the exit, Cryos speaks into a communicator.

CRYOS
(65) Ready my personal Blade Wing for Commander Graveheart’s immediate use.

WIPE TO:

EXT. OUTER SPACE- SAME TIME

Pyrus in his damaged ship begins to take on three drone ships that have confronted him. He is taking hits and his shields are folding, even as he fires back at the Drone ships.

PYRUS (VO)
(68) This is ridiculous.

INT. PYRUS’FIGHTER SHIP

Pyrus frantically works the controls of the ship.

PYRUS
(69) For every one I destroy, two more take its place.

On a viewscreen, we see Pyrus destroy one of the drone ships while the other two converge on him.

PYRUS (cont'd)
(70) I Don’t know if I can hold out much longer.

CLOSE ON PYRUS - he looks sad, grim.

INT. THE AURORA- BLADE WING BAY - SOON AFTER

Cryos watches as Graveheart gets into Cryos’s Blade Wing and takes his position.

CRYOS
(66) Once more unto the breech, dear friend?

GRAVEHEART
(67) It’s starting to become a habit.

The Blade Wing’s canopy CLICKS shut.

The engines IGNITE.

And the ship is LAUNCHED from the Aurora into the heart of the battle.

INT. PYRUS’ SHIP

PYRUS (Cont'd)
(sotto)
(71) Sorry I let you down, Vizier. Wish I could have been the kind of King my father was.
EXT. OUTERSPACE - CONTINUOUS

As the Blade Wingzips near the surface of the Mini Beast Planet, avoiding the cannon fire.

Suddenly, the two Drone Ships are struck by OS weapons-fire and IMPLODE.

GRAVEHEART(OS)
(72) From where I’m sitting, Prince, you already are.

Pyrus turns -- to see Cryos’ Blade Wing swooping into scene, its weapons-fire taking out Drone Ships.

PYRUS
(73) Graveheart!? You came.

GRAVEHEART
(74) You’d have done the same for me.

INT. BLADEWING

as Graveheart speaks.

GRAVEHEART (cont'd)
(75) Now, how you’d get yourself into this mess?

INT. PYRUS’SSHIP

as he speaks to Graveheart on his viewscreen.

PYRUS
(matter-of-fact)
(76) (Beat) Because I’m impetuous and hot-headed?

GRAVEHEART
(77) Figured as much. You realize a run on the planet is crazy?

PYRUS
(78) Sure do.

INT.GRAVEHEART'S BLADE WING - CONTINUOUS

The viewscreen image of Pyrus is clicked off when Graveheart finishes speaking.

GRAVEHEART
(79) Just stay behind me.

We see Graveheart's Bladewing & Pyrus's Firefighter head away from the deck of the Mini BeastPlanet.

ON GRAVEHEART

speaking into a communicator.

GRAVEHEART
(80) King Cryos, contact the remaining ships. It's time to bring the battle to Remora.

CLOSE ON GRAVEHEART -looking grim.

GRAVEHEART (cont'd)
(81) If this is to be our only chance, we can't afford to waste it.

CUT TO:

INT. REMORA -SAME TIME

Blokk sees the Alliance ships change course on his screens.

BLOKK
(82) Are they mad? Attacking us directly?

LAMPREY
(83) It doesn't matter. Nothing they do matters anymore.

FAVORING BLOKK -angry, as he manipulates his controls.

BLOKK
(84) Then let them come. I will grant them a swift death.

TIGHT ON BLOKK

he throws his head back to LAUGH, completely gonzo.

BLOKK (cont'd)
(laughing maniacally)
(85) The Beast Planet shall be served.

Blokk stops the cannon-fire. (This allows for the coming together of the opposing forces, draws in the Alliance Fleet. NOTE: This may well need some reaction from our heroes)

WIPE

TO:

EXT. OUTER SPACE- MOMENTS LATER

As all the remaining Alliance ships begin to line up in attack formation and fly towards Remora. In the lead is the Aurora. There's a beat and it's joined by the Caldera. In front of them all is Graveheart in the Royal Bladewing, and Pyrus in his Fighter.

CRYOS (VO)
(86) Aurora online and ready, Graveheart. Will you be joining us?

GRAVEHEART
(87) No, thanks. I've got a nice view from here.

PYRUS (VO)
(88) This is Prince Pyrus and the fire fleet, ready for action!

CRYOS (VO)
(89) Graveheart, the command is yours.

INT. BLADEWING

TIGHT on a very angry and determined Graveheart.

GRAVEHEART
(90) Then cry havoc and let slip the dogs of war.

EXT. OUTER SPACE- CONTINUOUS

And now, the Alliance ships bring the fight to Remora.

INT. REMORA -CONTINUOUS

Blokk is leaning over his control panels now, watching the approaching Alliance Ships on his viewscreens, almost breathless with anticipation.

BLOKK
(91) Beast Drones... go meet our guests.

EXT. REMORA -CONTINUOUS

An armada of Beast Drone Ships begin to leave the surface to engage the battle with the Alliance ships.

ON THE ALLIANCE FLEE

With the battle engaged, Alliance ships are being destroyed and are destroying the Drone ships.

INT. REMORA -CONTINUOUS

Blokk stands before his viewscreens, which now form one large TARGETING GRID, with our three heroes' ships about to converge in the crosshairs.

BLOKK
(95) This will be even simpler than I hoped.

INT.GRAVEHEART'S BLADE WING-ABOVE REMORA'S SURFACE-CONTINUOUS

GRAVEHEART
(98) Head for Remora's surface. If we get in close enough, the cannons won't be as effective!

INT. THEAURORA

Cryos watches the battle on his viewscreen.

CRYOS
(92) By the Great Glacier! They are destroying their own ships. Is there no escape from this insanity?

GRAVEHEART(VO)
(93) I wish there was, but there's no turning back now.

EXT. WIDE ANGLE- ON THE ALLIANCE FLEET

They do as Graveheart has told them, swooping down too close to the planet's surface to be targeted by the cannons. Many ships are shot out of the sky as they approach, but many get through. Graveheart, of course, is leading the charge.

GRAVEHEART

(99) Fly low and be smart. Most of all...stay frosty.

WITH GRAVEHEART'SBLADE WING - as it finally makes its own way across the deck of the MiniBeast Planet.

GRAVEHEART (cont'd)
(100) If this is our last shot, we've got to make it count!

INT. REMORA -CONTINUOUS

Blokk shouts into a speaker.

BLOKK (cont'd)
(96) Concentrate cannons on these coordinates, and prepare to fire on my command...

PUSH IN CLOSER ONBLOKK - with each word.

BLOKK (cont'd)
(97)Ready...aim...FIRE!

EXT. REMORA -CONTINUOUS

As the planet's huge CANNONS OPEN FIRE.

ON THE ALLIANCE FLEET -- as a number of ships are taken out by that one barrage.

ON ONE OF REMORA'S CANNONS

It pivots to track Graveheart's Blade Wing, then OPENS FIRE. Smallerdeck-mounted cannons also fire at the Alliance ships.

ON THECANNONS

The Blade Wing caught in the crosshairs, they prepare to deliver the killing shot.

Suddenly, the cannons are DESTROYED by a blast of energy that sizzles in from OS behind and above the damaged BladeWing.

INT. BLADE WINGON GRAVEHEART

He is clearly as surprised by what just happened as anyone. He shouts to Cryos and Pyrus on his viewscreen.

GRAVEHEART
(101) Cryos! what just happened?

JADE (VO)(FILTERED)

(102) I did. After all this time, I still have to watch your back.

INT. PYRUS'SSHIP

The kid looks behind him, and his face lights up with joy.

PYRUS
(103) It’s Jade! And she’s not alone!

REVERSE ANGLE - ONPLANET Rock's BATTLE-MOONS

In a wedge formation, they come flying into scene like the cavalry riding to the rescue.

INT. BATTLEMOON

Jade stands over a counsel.

JADE
(very official)
(104) This is Commander Jade of Planet Rock. By Lord Mantel’s decree, I commit the Battle-Moons to the service of the Alliance.

INT. BLADEWING

Graveheart gives a soft smile.

GRAVEHEART
(105) I don’t know how you did it, Jade ...but thanks.

Cryos appears on Graveheart’s viewscreen.

CRYOS
(106) Thank the Glacier. The scales have once again tipped in our favor.

INT. BATTLE-MOON- CONTINUOUS

JADE
(107) Graveheart, we await your orders.

INT. BLADEWING

GRAVEHEART
(108) In that case, Jade, fire at will.

Jade appears on his viewscreen.

JADE
(109) I do so love it when you say that.

FAVORING THEBATTLE-MOONS

As their cannons OPEN FIRE in a mighty barrage.

ONREMORA

it takes several more staggering hits.

EXT. ON THEDRONE SHIPS

They maneuver like crazy to get between the Battle-Moons and Remora, to protect their base.

It doesn't help at all. Every Drone Ship caught in the barrage from the Battle-Moons implodes. Clearly, the tide of battle has begun to turn.

INT.GRAVEHEART'S BLADE WING - CONTINUOUS

Graveheart talks to Jade on the viewscreen.

JADE(FILTERED)
(110) So, did you think I had deserted you like that toad Femur?

GRAVEHEART
(111) Not even close. But how did you convince Lord Mantel to lend us the moons?

CLOSE ON THEVIEWSCREEN

For a beat, Jade hesitates, as if trying to find the right words, then she shrugs it off in her usual fashion.

JADE
(112) No time to talk about that now. We will pick you up...

ON THE BATTLEMOONS

As they advance toward us, cannons blazing.

JADE (cont'd)
(113) ...And then we will finish this.

Graveheart, in the Royal Blade Wing, flies toward the Battle Moons. And, as the Battle-Moons FILL SCREEN, we:

FADE OUT.

END ACT TWO

ACT THREE

FADE IN:

EXT. OUTERSPACE

An establishing shot shows the battle carnage. The remaining hordes of Drone Ships are now attacking the Alliance Ships. The Battle moons are exchanging shots with the Mini Beast Planet.

INT. REMORA -CONTINUOUS

Blokk is not happy. He stands before his control panel, shouting orders to his Drone Ships.

BLOKK
(114) Keep them back! Knock them out of the sky! Can't you fools do anything right?

LAMPREY
(115) Blokk! What is happening? Why can't your Drones stop the Battle-Moons?

An angry Blokk turns to face Lamprey, making a dramatic gesture toward the control panel behind him.

BLOKK
(116) If you are so worried, Lamprey, why don't you do something?

Lamprey crosses her arms and turns her back to Blokk.

LAMPREY
(117) It is too late for me to correct your mistakes.

Blokk presses his point.

BLOKK
(118) My mistakes? It was you who said Planet Rock would never join the Alliance.

She turns back to face Blokk.

LAMPREY
(119) Now is not the time to point fingers.

Now Lamprey moves to join Blokk at the control panel.

LAMPREY (cont'd)
(120) Let us just see what we can do to fix this mess.

EXT. OUTER SPACE- SAME TIME

The Battle-Moons have started to circle Remora now, their cannons hammering the surface, while Remora fires back. This is the War Planets at their most combative.

CLOSE ON ONE OF REMORA'S CANNONS - firing repeatedly.

Shot of a BattleMoon taking damage.

Three of the Battle-Moons FIRE BACK, targeting that cannon.

ON THE CANNON - as it explodes.

Several Beast Drone Ships try attacking the Battle Moons, but they are unsuccessful.

INT. REMORA -CONTINUOUS

Intercut shots of the interior of Remora. The surface blasts from the Battlemoons are wreaking havoc with the interior structure of the Mini Beast Planet.

Lamprey and Blokk raise their arms to protect their heads as the beast drone base starts to COLLAPSE around them. Voyd still stands nearby, unmoved.

LAMPREY
(127) It's too late, Blokk. Remora, this base, it's all lost!

Blokk glances over at Voyd, nervously.

BLOKK
(128) The Beast will not be happy about this.

Voyd slowly shakes his head once from side to side.

LAMPREY
(129) Yes, but it will be those Alliance fools who feel its wrath.

FAVORING VOYD - he spreads his arms wide.

Immediately, Lamprey and Blokk step into his embrace, like children about to be hugged by a larger parent.

Then Voyd closes his arms around them, and they all VANISH.

INT. BATTLE-MOON- CONTINUOUS

Graveheart stands beside JADE, watching Remora on a huge viewscreen.

GRAVEHEART
(130) Their defenses are down. Now's our chance.

ON A DIFFERENTVIEWSCREEN - CRYOS

he looks somber as usual.

CRYOS(FILTERED)
(131) It is the moment we have all long hoped for.

GRAVEHEART
(132) In trying to tear us apart, the Beast only brought us all closer together. We are no longer planets <u>at</u> war but planets <u>of</u> war. Let the Beast beware.

EXT. REMORA -CONTINUOUS

as all the remaining Alliance ships and the Battle-Moons maneuver into position along Remora's equator.

ON GRAVEHEART - as he bows his head for a beat in a silent prayer, then looks up directly INTO CAMERA, his face grim.

GRAVEHEART
(133) On my mark, everyone -- FIRE!

EXT. REMORA -CONTINUOUS

as all the Alliance ships as well as the Battle-Moons OPEN FIRE, concentrating on one single spot on Remora's surface.

Finally, the spot on Remora's surface turns RED HOT and starts to give way.

Then the damage starts to spread.

EXT. REMORA -CONTINUOUS

the planet is literally starting to come apart at the seams.

GRAVEHEART(VO)
(134) All ships withdraw immediately!

As the ships retreat, Remora's damage grows worse.

GRAVEHEART (Cont'd)
(135) We’ve got to put distance between us and Remora before --

ON REMORA - the planet shudders, shakes...

Then, in a spectacular visual display, Remora EXPLODES, blowing itself to atoms.

INT.GRAVEHEART’S BATTLE-MOON - CONTINUOUS

Caught in the shockwave of the planet’s explosion, it is rocked violently.

GRAVEHEART
(136) (grunt of impact)

INT. PYRUS’SHIP

As Pyrus regains his balance, he looks around and realizes all the Drone Ships are gone.

PYRUS
(137) Hey, what happened to the enemy ships?

GRAVEHEART(FILTERED)
(138) When Remora vanished, its Drones did too.

PYRUS
(139) You mean, we’ve won?

GRAVEHEART(FILTERED)
(140) For now.

INT. THE AURORA- CONTINUOUS

For once, Cryosalmost smiles.

CRYOS
(141) We have done well, my friends. Let us enjoy this moment of peace.

CUT TO:

INT. PLANET ICE- ICE TUNNEL - SIMULTANEOUS

Moving through the tunnel, Tekla STOPS, and SHUDDERS, suddenly afraid.

VOXX
(142) Warning! Solar anomaly in progress!

TEKLA
(143) By the Matrix --NO! Not now. It is too soon.

INT.GRAVEHEART'S BATTLE-MOON - CONTINUOUS

Suddenly, an ALARMKLAXXON sounds. Graveheart and Jade look around, trying to figure out what's wrong.

JADE
(144) Now what?

Cryos looks at his viewscreen.

CRYOS
(145) Something has gone wrong with the sun.

ON THE SUN

We see a BLACK SPOT appearing at the center of the sun.

ON THE BLACK SPOT - as it grows larger, larger, until it ECLIPSES the sun itself, finally coming close enough for us to recognize it for what it is -- THE BEAST PLANET!

GRAVEHEART
(146) The Beast Planet! It's here!

ON THE BEASTPLANET

As its maw suddenly opens, and a devastating blast of energy is fired across the solar system.

ON ONE OF THE BATTLE-MOONS

Enveloped by the blast from the Beast, the Battle-Moon is blown to smithereens.

CRYOS (OS)
(147) By the Great Glacier!

JADE
(148) The Battle-Moon-- it's gone!

GRAVEHEART
(149) It looks like ethereal war has only just begun!

And, as the BeastPlanet moves relentlessly toward us, until it completely FILLS SCREEN, we:

FADE OUT.

END EPISODE
